

# METWomen Studies

Spring 2021

## Living in the Big Story

We're very excited to let you know that we're now in the midst of preparing our Spring Study, *Living in the Big Story*. Each week, we will look at a different woman from the Bible. Their names may be unfamiliar (for those who have names), but each one is known, loved, and cared for by God. We will see how God beautifully weaves His purposes into the lives of these individuals. We will see how these smaller stories fit into the bigger story that God is writing. We will also see God as the hero of history while embracing our place within it. This study will run online for 6 weeks from May 19 to June 23.

## Lessons on Assurance

To assure is to "put beyond all doubt." *Lessons on Assurance* will help to assure you or "put you beyond all doubt" regarding some of God's basic promises to Christians. We'll look at the following areas of assurance: Salvation, Answered Prayer, Victory, Forgiveness, and Guidance - foundational truths that all followers of Christ need to be reminded of as we walk with the Lord. This study also gives women ministering to others a helpful and practical resource to use in their outreach efforts to new and growing Christians. This study will run online for 5 weeks from May 18 to June 15 and is open to a maximum of 8 participants.
